To Whom it May Concern:

This is to verify that Geralda L. De'Souza took care of my husband Frank Alesi for the past 2 months.

There are not enough adequate adjectives to describe the care Geralda gave my husband. She is of excellent character: Kind, loving, trustworthy, honest, devoted, dedicated,, compassionate, understanding and more. She was willing eagerly to help in every way, taking care of Frank with the same care she would have given her father.

We were fortunate and blessed to have Geralda in our home, and would highly and gladly recommend her to those in need of a good person and caretaker.

I would like to add that Geralda came to us thru the Premier Care Nurses Agency. I found the entire personnel to be very cooperative with a full knowledge of what is required when one is sick. I was impressed with their expertise, and would definitely call on them again: Premier Care Nurses
(954) 933 - 9005 (Broward) and
353 - 9200

Most Sincerely

Amy Alesi
