

Please thank your office for sending words of condolences. Herb had a decent n sometimes really fun 25 months after becoming widowed. We were glad to have your agency for those first seven months and then the Palace in Kendall was the PERFECT place for his last home....new friends, even a girlfriend, happy hour, a wonderful compassionate caregiver and every other week visits from me (thanks to my divorce and a strong relationship with a guy I've known since 7th grade!) and Vicki's regular visits as well. Hope your life is going well. YOU were a part of what added joy to my dad's last stage, so thank you for your compassion, warmth, caring and trust. Take Care, Jan
