

AND you driving all the way to Aventura & back to bring the nighttime caregiver to our dad so he wouldn't be alone...

You have a special camaraderie with our dad & you truly are a ^{KEY COMPONENT} very important part of "Team Jake!"

Thank you so much for all that you do for our dad and us!

Sincerely,

Thanks for everything that you do for our father in being his care manager

You are very compassionate, caring & considerate with our dad and we totally trust you to make decisions in his best interest & to keep him safe, happy & comfortable.

We especially appreciate you going to S. Miami Hospital last week when he was in the ER and overseeing that process...
