Dear Ms.Goforth :

We just wanted to tell you how wonder Ilonka Lutov was as a nurse for our dear departed father, Jesse Ross. We have no doubt that without Ilonka's wonderful care my father's life would not have been as rich and organized. Ilonka took her responsibilities for our father very seriously. She made sure that he was clean and well fed even when he complained about needing care. Ilonka was so supportive of all our difficult decision that we had to make at the end of his life. She never left his side, and was there through all his sickness and recovery periods.

We are forever grateful for Ilonka Lutov. If you want to speak to any of us directly, please call us at the telephone number below. Thank you.

Sincerely,

Linda Ross
