To Whom It May Concern:

My parents had the wonderful pleasure of having Vesna as their caregiver. Her warm heart, compassionate ways and generous nature made every day they spent with her a loving experience. She is a very SPECIAL WOMAN and one that I as their daughter will always be grateful for as I lived away from them. She took care of them as if she was family and you would be very lucky to have her take care of you. IF I can be of further assistance, please feel free to contact me.
